

 **Ocean liferaft for yachting,
4-8 pers.**

Ocean yachting liferaft for 4-8 persons is ideal for ocean cruising, short international voyages and sport fishing on the open sea. The VIKING RescYou has previously been named 'BEST IN TEST' by Sailing Today. The large canopy opening and the inflatable boarding ramp with weighted ladder provides swift and easy boarding. The insulated double inflatable floor provides hypothermia protection and the two canopy openings offer an excellent view of the horizon plus cross ventilation. Large ballast bags keep the liferaft stable in the water, helping to prevent capsize in very heavy seas. Comes in a container or a valise.

Product code: 1213103100

The liferaft is naturally both ISO9650-1 Group A certified, ISAF approved and third party verified by DNV.

Special features:

- Fluorescent yellow canopy enhances visibility from a distance;
- Two separate buoyancy chambers each capable of supporting maximum capacity;
- Four 55 liter weighted ballast bags for stability in heavy seas;
- SOLAS high-visibility retro-reflective tape on canopy, sides buoyancy chambers and under the liferaft;
- Automatic SOLAS/USCG exterior strobe light and interior light;
- Internal and external lifelines;
- Rain water collector;
- Base material of strong, yet flexible, natural rubber;
